三、语法选择

Good morning, everyone. I'm Flyki and my partner is Michelle. Today,

we want to introduce a new invention designed 11 us to you here. It 12 “flying car”.

Nowadays, the number of cars is increasing, and it leads to a bad influence. People living in the cities have found that it's getting more and more difficult 13 around on the streets. Traffic jams turn out to be a big problem. That's 14 we have the idea.

The car not only looks like a car but also looks like a plane. It has 15 tires(轮胎) and “foldable (可折叠的) wings”. It also has the advantages of small volume(体积) and light weight. When it transforms into a plane, it can fly 16 a speed of 110 miles per hour. It's a “roadable aircraft”. All you need is just a driving license. Then, you can drive it just like driving a car.

The car will make our life more convenient, 17 it can switch between a car and a plane. To begin with, it can drive on any surfaces and thanks to its foldable wings, it can transform into a personal plane. When the roads are 18, it can help you easily reach the destination. Much time can be 19.

This kind of car makes our lives 20 and more comfortable. If you have such a car, you will feel very good!That's all.

Thanks for listening.
